I.   INTRODUCTION

A.   a lower level

I like the idea of writing the code like this, so that I don't really need to worry about it.
Unless other things happen.
Hello. [**?**]
I wouldn't say it was perfect, but it's pretty good. Rearranging could work.
Maybe.

B.   a yet lower level

balh blah blah

1.   *further still*

blah blah

II.   THE OTHER
